

The TRAVELLERS' FRIEND CONVENIENCE BAG

DON'T GET CAUGHT OUT THIS YEAR

The Travellers' Friend: no other bodily fluids bag offers so many special features or more protection.

AUTOMATIC INNER SEAL

prevents leaking and spills.

EXTRA-WIDE OPENING

Wide, rigid collar makes for easy one hand use.

WILL NOT SPILL

or leak, even if dropped.

HAND PROTECTION

Patented, outer sleeve protects against splashes and potential infection.

ISOLATES BLOODBORNE PATHOGENS

in body fluids.

EASY DISPOSAL

No clean-up, no mess, no down-time cleaning contaminated areas from spilled emesis basins.

Complies with all current health and safety regulations

SINGLE HANDED USE

Features an extra-wide, rigid collar which allows easy use for women, as well as men and children.

EASY TO USE

Simply press ends to open top and place over mouth inner valve automatically seals. For added safety fold in top on the scored line.

WILL NOT LEAK

Inner valve automatically seals the bag shut. Prevents contents from leaking or spilling even if the *Travellers' Friend* is dropped.

NO STRINGS

No draw strings, no twist ties are necessary unlike other products. Automatic seal means no spills, no clean-up, no mess, no odours.
